# **VIII. AGREEMENT AND COMMITMENT BY APPLICANT** (Please read carefully)

If accepted to participate in the Lions International Youth Camp and Exchange Program, I will abide by its policies and procedures. I understand that extended personal travel or leaves during the program are not permitted, even to visit close friends or relatives. Written permission is included with this application. I understand that my participation in the program is not for the purpose of formal education or employment, and that I will not be allowed to operate a motor vehicle during my visit in the host country. Violation of the program's policies and regulations on my part can, at the discretion of the YCE-chairperson, result in the immediate termination of my visit at my expense.

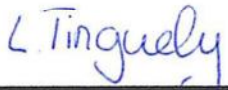

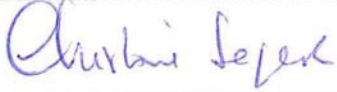

I have been briefed by the Lions about the YCE program and I have carefully read all instructions and terms in this form. With my signature I fully commit to participate in the YCE program which I might be accepted to. Furthermore I certify I am sufficiently insured to cover any and all contingencies, including repatriate, accident, medical, personal effects and personal liability during the entire duration of my travel and visit in the accepted country.

# **IX. INDEMNITY AGREEMENT BY PARENT OR GUARDIAN**

With the affixed signature, I / We the parent(s) / guardian(s) give permission for my/our son/daughter/ward to travel and remain in an approved place for a specified period living in a Lions or Lions approved home or Lions camp. I/We agree to relieve any Lions or host family, Lions Club, Lions District or Lions International of any financial or other responsibility in the case of his/her illness, or moral irresponsibility, and to indemnify them in respect of any expenses incurred.

I / We also agree that the boy / girl will not be permitted to drive a motor vehicle while away under this Youth Exchange Program. The boy/girl will return to his/her home at the completion of the exchange, unless I / We send written permission and financial means to designate where else the boy / girl is to go. In such instances the Lions supervision will cease when the boy/girl leaves the host home or the Lions camp. I / We furthermore agree that the rules of the program will be complied with by us. In the case of violation I/We understand that my/our boy/girl will be returned to his/her home at my/our expense. I / We the parent(s) / guardian(s) consent for the Lions hosting our youth to give him/her any immediate medical treatment, including surgical emergencies, as required by a fully qualified doctor, when time does not permit the obtaining of consent by me/us. Furthermore I certify that the applicant is sufficiently insured to cover any and all contingencies, including repatriate, accident, medical, personal effects and personal liability during the entire duration of the applicant's travel and visit in the accepted country.
